PROFILE

Hello! I'm Rahbar Aalam, Recent college graduate with MCA degree with a strong foundation in web development using technologies like HTML, CSS, JavaScript, Bootstrap, Python, React, and SQL. Introduced to Machine Learning during coursework, which sparked a deep interest—currently self-learning these fields through projects and online courses. Seeking an opportunity to contribute to a tech-driven team and grow as a developer or data analyst

PROJECTS

1. REAL STATE WEBSITE USING REACT JS AND FRAMER MOTION
   https://playful-cupcake-3a5f44.netlify.app/
